

FLOOD DEATH TOLL REACHES THIRTY-TWO

Ten Missing and Property
Damage is Estimated
at \$15,000,000

ALL RIVERS FALLING

Conditions in Virginia and West
Virginia Expected to Be
Normal in a Day or Two

VILLAGE WASHED AWAY

ATLANTA, Ga., July 18.—Seven deaths reported today brought the southeastern flood toll to thirty-two but all rivers are falling and something like normal conditions obtain in many of the sections overrun with the high waters from the eastern mountain Sunday. Ten persons are missing and the property damage is estimated at \$15,000,000, principally to railroads, crops and industrial plants.

Eight of the deaths reported today occurred at Abt Cove a village in Henderson county, North Carolina on the Rocky Road river and two at Volga, a small town in Buncombe county. Four were reported today from Brevard, N. C., and three from the Hickory Nut Gap section in the western part of the state. In addition unverified reports said three boys were drowned below Marshall, N. C., in the overturning of a boat. These sections are isolated and it probably will be several days before an accurate account of conditions can be obtained.

Several weeks will be required, it is said to restore normal train service on some of the railroads and hundreds of thousands of cotton spindles may be idle for a month. No reports have reached the outside world from Hickory or Lenoir, near the head waters of the Catawba since Sunday.

The rivers of East Tennessee have reached their crests and are falling slowly. Conditions in Virginia and West Virginia are expected to be normal within a day or two.

Village Is Washed Away.

Spartanburg, S. C., July 18.—According to H. A. Marshall who went to Thermal City yesterday in an automobile, the village of Chimney Rock, N. C., near the famous rock of that name, in Rutherford county was completely washed away by the high waters of Broad river. The population of the town was about 150.

GOTCH OUT OF WRESTLING GAME FOR AN INDEFINITE PERIOD

Champion Suffers Fractured Leg
During an Exhibition Bout at
Kenosha, Wis.

Kenosha, Wis., July 18.—Frank Gotch, champion wrestler of the world is out of the game for an indefinite period. He suffered a fractured leg today during an exhibition bout. Gotch was wrestling with Bob Monograph of Chicago, a member of the circus with which Gotch was traveling when he caught his left foot between two mats, and as he lurched himself upon Monograph for a hip hold, he twisted the leg breaking the bone just above the ankle. Jess Willard, champion heavyweight pugilist, who was standing by, rushed to Gotch's aid. With the help of Monograph and Tom Jones, Willard's manager, he carried the injured wrestler to a waiting automobile which took them to the Kenosha hospital.

Dr. C. H. Geppart, after an examination, said that the fibula was badly splintered. Gotch stood the reduction treatment well and afterward said he was feeling fine. Dr. Geppart said the bone is splintered and it will be a good many weeks before he will be able to step on his left foot again. It may be months before he will be able to return to the mat.

MAY WITHDRAW PACIFIC SHIPS FROM MEXICAN WATERS

San Diego, Cal., July 18.—The Pacific fleet flagship San Diego with Admiral Cameron, McRae Winslow aboard, steamed from La Paz, Mexico, this morning and will arrive here Thursday afternoon according to radiograms received today. Indications are that the fleet of twenty-five warships and auxiliaries now along the lower west coast of Mexico, all except five or six will be withdrawn before the end of July owing to the favorable turn in the Mexican situation.

FIND BODY ON ISLAND

Quincy, Ill., July 18.—The body of O. R. Petty, a Canton, Mo., fisherman, who disappeared in a snowstorm on March 27th, was found today, badly decomposed, on an island two miles below Canton. The body of his companion has never been found.

WILSON MAKES PERSONAL VISIT TO CAPITOL

EMPHASIZES DESIRE THAT CHILD
LABOR LAW BE PASSED.

Insists Measure Passed by House Be
Made a Part of the Legislative
Program Before Adjournment—
Some Senators Betray Resentment
at Request.

Washington, July 18.—President Wilson made a personal visit to the capitol today to emphasize his desire that a child labor law be put on the statute books at the present session of congress.

He insisted that the child labor bill passed by the house be made a part of the legislative program before adjournment. Mr. Wilson had been told that an effort to force its passage would mean a serious party revolt. Whether the president's visit accomplished anything more than to bring his own position in the matter emphatically to the front, was not apparent tonight.

The president's arrival at the capitol was entirely unheralded. Accompanied by only two secret service men he went directly to the president's room and sent for Senator Kern, the majority leader. Later he discussed the subject with Vice President Marshall, Senators Martin, Williams, James and Owen of the Democratic steering committee and Senators Simmons and Hughes. Senators Martin, Williams and Simmons are among those inclined to favor postponement of action on the child labor bill until next December.

Senator Kern said that so far as he knew, the president's visit would not necessitate delay in the contemplated adjournment of congress. Some senators said they believed there should be another caucus. Others betrayed some resentment at the president's request.

Mr. Wilson is said to have called attention today to the fact that the Democratic, Republican and Progressive party platforms all contained planks favoring immediate enactment of child labor legislation. His insistence is said to have been based not only on the merits of the bill, but also on his belief that its passage is a matter of political expediency.

The president also is anxious that the house bill providing a system of workmen's compensation for federal employees be put thru at this session. Senate leaders are said to have assured him that they expected to reach it before adjournment.

PERSONS LEAVING NEW YORK MUST OBTAIN HEALTH CERTIFICATES

NEW YORK, July 18.—All persons leaving New York City for other states will be required to furnish certificates setting forth that the premises in which they live, or have lived are not and have not been infected by the infantile paralysis. It was announced here tonight by Dr. Charles E. Banks, senior surgeon of the United States public health service. Five additional physicians now are on their way here to aid the federal health officials in their efforts to safeguard other states.

Dr. Banks asserted that government physicians would be stationed at all railroad stations to enforce the new regulations. Persons leaving the states by automobile or otherwise than by rail, also must obtain certificates from the United States public health service.

Report One New Case.
Chicago, July 18.—One new case of infantile paralysis was reported by the health commissioner today.

TURN OVER FUND OF \$100,000 TO CENTENNIAL COMMISSION

SPRINGFIELD, July 18.—The capitol grounds building commission of Springfield today turned over to the Illinois Centennial building commission a fund of \$100,000 to be used in purchasing a site for a centennial building just south of the state house. A check for that amount was handed to Secretary of State Stevenson who is also secretary of the centennial commission.

At the same time another fund of \$125,000 became available to the centennial commission, this sum having been appropriated by the last legislature on condition that Springfield raise \$100,000. The next general assembly will be asked to appropriate nearly \$1,000,000 for the building itself.

The centennial building will house a department of education, a state historical library and similar institutions.

TRAYNOR FILES PETITION.

Springfield, Ill., July 18.—The petition of James Traynor of Chicago, declaring his candidacy for the office of governor on the Democratic ticket at the September primary election, was filed here today. His is the only name presented in opposition to Governor Dunne who seeks reelection.

John Downey of Chicago today filed for the office of state treasurer on the Democratic ticket. No other Democratic candidate for that office has appeared thus far.

War News Summarized

The British and Germans are engaged in a sanguinary conflict in the region of the Longueval salient northwest of Combes. Germans have taken the aggressive here after a preliminary bombardment in which a new asphyxiating gas shell was used.

South of the Somme, French and Germans are at grips at Biaches, where the French have driven out the Germans from some of the houses they held.

On the eastern front Vienna asserts that fresh Russian attacks southwest of Lutsk were without success but says that in the Carpathian region Zabin and Tatarow the Russians have pushed back Austrian advance posts although the Austrian main line has been firmly held.

In the vicinity of Riga the Russians are off the offensive but all their attacks have been repulsed with heavy losses, according to Berlin.

Rome reports fresh victories for the Italians over the Austrians at various points.

While Petrograd chronicles further advances against the Turks by the Russian right wing, Constantinople says that the Russians have suffered tremendous losses south of the Tchoruk river and that their attacks have become less violent.

Cannonading is going on along the entire front in the region of the Greek border between the forces of the Teutonic and entente allies. Air raiders of the entente allies have done considerable damage with bombs in the region of Monastir.

FOOD CONDITIONS AT MAZATLAN, MEXICO, APPROACHING CRISIS

MAZATLAN, Mexico, July 18.—by radio to San Diego, Cal.—Food conditions here today are approaching a crisis. The condition of the poor is deplorable. Daily little bands straggle into the city from the barren interior districts, hungry and ragged and expecting food and clothing only to find nothing. A group of refugees, some in a pitiable condition, were sent aboard the flag-ship San Diego yesterday. They told of the trials of the interior, strewn with the graves of refugees and others murdered by roving bandits for the gold and valuables they were carrying with them.

Mexican officials at San Blas, Tepic, have released the American power boat Panama, which they seized.

HEAR TESTIMONY OF BOX MANUFACTURERS AND TIE MEN

CHICAGO, Ill., July 18.—Testimony of box manufacturers and tie men seeking a reduction in freight rates for their commodities was heard at today's hearing of the interstate commerce commission in its investigation of lumber freight rates. The session was divided, Examiner Fred Esch of Washington, D. C., hearing the tie men while the box manufacturers were heard by H. B. Meyer of Washington also, chairman of the committee. The witnesses of the tie men contended that if a reduction in freight rates is made on ties, much of the timber now wasted could be utilized. The box men made the same contentions.

HUGHES TO FORMULATE DETAILS OF CAMPAIGN TODAY IN NEW YORK

BRIDGEHAMPTON, N. Y., July 18.—Charles E. Hughes will go to New York tomorrow to formulate details of his campaign. The nominee expects to discuss with his campaign committee the program of his western trip, to confer with a committee of senators over the senatorial elections next fall, to go over the situation in Massachusetts and other Progressive and Republican leaders and to hold a long conference with Chairman Wilcox of the national committee over the work of the last week at Bridgehampton.

Mr. Hughes told callers today that he intended to work for the election of a Republican majority in both the senate and the house as he deemed "a thorow victory" essential to the program of legislation he contemplates for the party.

FURTHER SIGNS OF THE EARLY DEPARTURE OF DEUTSCHLAND

BALTIMORE, Md., July 18.—There were further signs today of the early departure of the submarine Deutschland. The batch of mail from the German Embassy was delivered to Captain Koenig, the undersea boat's commander. Prince Fitzfeld, of Ambassador Bernstorff's staff paid a visit to the offices of the Eastern Forwarding company at the pier where the Deutschland is berthed. Large quantities of canned goods and sides of beef were stowed in the submarine. An extra hatch was put into use in loading the rubber.

Two carloads of fuel oil for the Deutschland arrived today. This will be sufficient to carry her three times the distance of her first transatlantic trip.

FIND BODY IN ROADWAY.

Ottawa, Ill., July 18.—The body of Joseph Derix a 20 year old chauffeur, was found today in a roadway near Ladd, Bureau county. There were several bullet holes in the head and body was badly slashed. His machine was missing stolen.

KILL NEGRO AND HIS WIFE

CHICAGO, July 18.—H. J. McIntyre, a colored religious fanatic, becoming violently insane today killed four persons and wounded five with a rifle before the police, whom he held at bay for an hour or more, killed him and his wife.

McIntyre's wife is supposed to have assisted him at least to the extent of re-loading his weapons, as a cartridge belt was found around her waist similar to the one worn by her husband.

In all McIntyre's hallucination that he must "carry my report to the Almighty" cost six lives.

Hundreds of shots were exchanged between the crazed man, barricaded in his flat in a two-story brick structure at 329 North Irving avenue, and the police. The latter made an ineffectual attempt to burn the place and exploded three charges of dynamite under it, as they were unable to make headway against the rapid and accurate fire of the negro.

The Dead.
Stuart Dean, 60 years old, policeman, shot in neck.

Mrs. Josephine Overmeyer, 28 years old, neighbor, shot in breast.

Edward Knox, 34 years old, colored, neighbor, shot in chest.

Alfred Matthews, 30 years old, negro, neighbor. Found dead of bullet wounds on porch of his home.

H. J. McIntyre, colored, the crazed man; 30 years old, shot by police. Died in hospital.

Mrs. Hattie McIntyre, colored, wife of crazed man; 30 years old; head blown off.

The Injured.
Edward Clement, detective sergeant, 46 years old, three bullet wounds, seriously.

Grover Crabtree, policeman, 27 years old, wounds in wrist and elbow, not serious.

Mrs. Sadie Knox, 40 years old, wife of Edward Knox, bullet wound in back, serious.

The explosion blew the rear porch and part of the kitchen into the alley and when the police were able to enter the building it was a wreck. They found an explanation of McIntyre's deed in a note which he left scrawled in lead pencil on a soiled piece of brown wrapping paper.

"The Almighty God has made me a prophet unto all nations and also my wife, Hattie McIntyre," ran the note. "You shall know that the Lord has sent me to gather unto the Lord the remnant of the Adamic seed." (At this place the negro wrote three capital C's and the initials "P. H.")

"The Lord has made me the savior of all Africans of America and now I shall recommend all that are worthy unto my Heavenly Father, the Great God of all creation. The Lord has given me a spirit to judge the quick and the dead.

"I must die in this land that I may carry my reports unto Almighty God concerning the land of the United States."

In the opinion of Captain Wesley Westbrook, who was at the head of the first detachment of twelve policemen called to the scene, McIntyre wrote the letter just before becoming violent, although he had opportunity to do so between lulls while the bluecoats, having been repulsed were under cover.

Frank Freemuth, a policeman, told this story: "Stuart Dean was shot when he entered the building after breaking down a rear door. I and four other policemen were with him but he was the first to enter and killed the instant that he crossed the threshold. Clement and Crabtree were shot when they entered to recover Dean's body. Both fell and we had to go in and get the three of them.

"The crazy negro was barricaded behind a trunk and other articles when he came in. He had a rifle and a revolver and fired so fast and we fired so fast that I couldn't count them. In fact, I didn't try to."

PROMINENT QUINCY MAN DIES

Quincy, Ill., July 18.—C. H. Williamson, Republican central committeeman of the fifteenth congressional district and one of the biggest apple orchard owners in the central west, died at his home here today.

MOUNTED MEXICANS EXCHANGE FIRE WITH BORDER PATROL

Guardmen Suffer No Casualties But
Report They Believe They Killed
One Mexican.

El Paso, Texas, July 18.—A party of mounted Mexicans exchanged fire with L Company of the Ninth Massachusetts infantry near here today. The guardsmen were doing outpost duty when the Mexicans on the opposite bank opened fire. The guardsmen suffered no casualties but reported they believed they had killed one Mexican.

The shooting occurred in an isolated district about three miles down river from El Paso, known locally as the Island" section.

Captain Hickey, commanding, said that through the day small parties of Mexicans appeared from time to time on the Mexican bank of the river. Then, he said, a mounted detachment appeared. The Mexicans rode up to the river bank, dismounted and deployed as skirmishers creeping thru the underbrush which dotted the river's edge. One of the Mexicans fired his rifle, the bullet crossing the river.

Screening themselves as much as possible by little clumps of mesquite, the Americans returned the fire and by the time the reserves reached the river to reinforce them they had driven the Mexicans back to their horses.

The exchange of fire continued less than 10 minutes.

ROOSTER PECKS TWO-YEAR OLD CHILD IN HEAD; BOY MAY DIE

JOLIET, Ill., July 18.—Leo Palace, two years old, was attacked by a rooster which he was trying to chase today and as a result is in a serious condition. The rooster turned on him and the baby in endeavoring to escape, fell. The rooster pecked him in the head, striking a suture in the child's skull with his beak, rendering it unconscious. Late today the child had not recovered consciousness. Because of the attack, Mrs. Mary Palace, the boy's mother, asked the police to arrest the rooster which belongs to John Francisco, a neighbor.

HONOR CONVICT DROWNS.

Joliet, Ill., July 18.—With but one month to serve on a sentence for robbery, committed in Cook county, Frank Kraskiewicz, hood convict at the prison farm, drowned in a quarry near the farm today, when he slipped off a ledge. Attempts of fellow convicts to save him failed and he could not be revived by a pulmotor after his body had been recovered.

SHOOTS DOCTOR AFTER DEATH OF FIANCEE

YOUNG PHYSICIAN IS ARRESTED
AFTER BRIEF STRUGGLE

Police Say Dr. Atwood Admitted He
Shot Dr. Harris Because His Fi-
ancee Told Him Their Marriage
Could Not Take Place as Dr. Harris
Had Wronged Her.

Boston, July 18.—Two hours after his sweetheart Dr. Celia Adams of Brookline had died from an overdose of a drug, Dr. Eldridge D. Atwood of Woburn today shot and probably mortally wounded Dr. Wilfred E. Harris, president of the Massachusetts College of Osteopathy, at the latter's office in the Hotel Westminster in the Back Bay district.

Dr. Atwood disappeared after the shooting, but was later arrested after a brief struggle at the office of his fiancée.

The police say he admitted that he had shot Dr. Harris because Miss Adams had told him yesterday that their marriage could not take place as Dr. Harris had wronged her. An empty five chambered revolver and a razor which the police say, Dr. Atwood admitted he intended to use on his victim, were taken from the prisoner. He was locked up on a charge of assault and battery with intent to murder.

At the City Hospital late tonight Dr. Harris was unconscious. His condition was reported critical.

Both Dr. Atwood and his fiancée studied osteopathy under Dr. Harris when he was an instructor at the Massachusetts College. The friendship which began between the students in the class room six years ago ripened into love. Atwood told the police tonight they had planned to be married soon, altho much opposition had developed on the part of the girl's parents and also from Dr. Harris. The girl's parents objected because Miss Adams was 27 years of age, while Dr. Atwood is only 23. Dr. Harris is 43 years old. Early today her father, F. P. Adams found the door to her office locked. When it was broken open he discovered his daughter unconscious on the floor. She was removed to a hospital and treated for an overdose of a narcotic drug.

Dr. Atwood hastened to the hospital but the young woman was unconscious and shortly afterward died. He then went to the Hotel Westminster where Dr. Harris occupied an upstairs suite. No one saw the actual shooting.

After Dr. Atwood fled, Dr. Harris was unconscious and directed his office assistant in the work of rendering first aid. When asked who had shot him, he named Dr. Atwood.

This evening Dr. Atwood called up his fiancée's brother, Winthrop, and made an appointment to meet him at Dr. Adams' office. A policeman there arrested the young physician.

EXCITEMENT OVER SHOOTING OF MEXICAN HAS NOT ABATED

DOUGLAS, Ariz., July 18.—Excitement over the shooting of Antonio Rodriguez, a Mexican musician by Private R. Tucker, Eleventh Infantry, while the Mexican was trying to cross the international boundary here did not abate today in Agua Prieta. Officials in Mexico are insistent in their demand that Tucker be punished. Rodriguez has a slight chance for recovery. The official investigation of the case was completed today by Judge Gabriel Trujillo. A complete record of the hearing was sent General T. F. Davis commanding the troops in the Arizona district.

Mexican authorities said that unless the sentry is punished it was the intention of Governor de la Huerta and General Calles to insist that it be taken up diplomatically between Mexico and Washington.

Private Tucker was not placed under arrest and from the statement of American army officers it appears that he was following orders when he fired. American officers are understood to have declared that the shots were fired before Rodriguez crossed the border.

POSTMASTERS FAVOR EXTENSION OF GOVERNMENT OF OWNERSHIP

WASHINGTON, July 18.—Extension of government ownership, the parcel post and postal savings system were advocated by speakers at the opening session today of the 19th annual convention of the National association of postmasters. Between 500 and 600 postmasters practically all appointees of President Wilson are attending the four days meeting.

Consideration by the convention of government ownership of mail delivery and collection vehicles operated now in many large cities by private contractors was suggested by First Assistant Postmaster General Roper. How the postal savings system is experiencing "phenomenal growth" was recounted by Third Assistant Postmaster General Dockery.

Speakers today praised administration of the postal service under the Democratic administration.

ing Shooting of Four

ONE INJURED SERIOUSLY

SPRINGFIELD, Ill., July 18.—Sheriff McGinnis of Hardin county today sent a telegram to Governor Dunne asking that state troops be sent to Rosiclare to stop violence among striking lead miners. A riot was imminent, he said.

Sheriff McGinnis' telegram said: "For two weeks a conspiracy against lives and property has existed at Rosiclare. I have sworn in deputies, yet nightly citizens are shot at; homes are shot into. Last night a deputy and three citizens were shot seriously wounded by hidden assassins. I am unable to preserve peace or quell riot which imminent. Three hundred armed conspirators are patrolling streets and preventing deputies from hunting the assassins of last night."

The governor answered: "Have directed Assistant Adjutant General Shand and James F. Morris, secretary of the state mining board to take next train for Golconda. Meet them. I will act promptly on receipt of their report."

The governor said he desired investigation first, for five companies militia doing strike duty at LaSalle are costing the state eight hundred dollars daily and a more serious contingency may arise elsewhere which would make the sending of troops imperative.

Indicate Town is Quiet.

Elizabethtown, Ill., July 18.—Reports from Rosiclare today indicated that he town was quiet following the shooting last night of Deputy Sheriff Hugh Farrell and Bert Irby, William Halliman and a man by the name of Conslin, all citizens of Rosiclare.

The trouble at the town started two months ago when 200 employees of the Rosiclare Lead and Fluor Spar company struck upon the refusal of the company to grant recognition of the union and a graded scale of wages. The company imported a number of men to operate the mines and also hired mine guards.

The situation became acute three weeks ago. Clashes between the strikers and the guards and strike breakers were frequent. Sheriff L. S. B. McGinnis swore in fifteen deputies and sent them to Rosiclare to maintain order. The trouble reached a climax last night between 9 and 10 o'clock. Deputy Sheriff Farrell was patrolling his beat and had stopped for a chat with Halliman who was sitting on his front porch. Irby and Conslin were also on their front porches a short distance away. Suddenly six shots were fired from an ambush about 40 yards distant. Halliman was seriously wounded and fears for his recovery are entertained. The others were not seriously injured.

SLASHES WIFE'S THROAT

Danville, Ill., July 18.—Following a quarrel with his wife at the home of her sister tonight, Albert Tash, a contractor, slashed her throat with a knife causing what may prove a fatal wound. Tash, who was captured by the police after a long chase, is believed crazed by heat and brooding over domestic troubles.

HOT WEATHER THIS BUT NOT BAD WHEN MEMORY IS BUSY

Mercury Was Ten Degrees Higher In July Fifteen Years Ago.

There is no day so hot or cold but it seems fairly comfortable by comparison with some other date. Witness Tuesday, July 18, when the thermometer registered 99 in the shade and Jacksonville citizens were fanning vigorously and feeling sorry for themselves. This self sympathy would have quickly disappeared if they had turned in memory to July 22, 1901, that is, just fifteen years ago. On that date, according to the records kept by George H. Hall, weather observer, the thermometer registered 109 degrees, ten degrees hotter than was true yesterday.

In July of 1901 there was an exceedingly warm period beginning with the 19th when the mercury showed 97 degrees above zero. On the 23rd 102, and on the 24th, 105, and the highest point reached was 109 on the 22nd as already mentioned.

Dr. W. E. Coverly has completed a visit of two weeks with his parents, Mr. and Mrs. William Coverly, and returned to his home in Chicago.

For President.

CHARLES E. HUGHES.

There is a world of timely warning to both old and young in a news item from Chicago. At a Desplains camp meeting there Monday Mrs. William Garland embraced Mrs. Mary Churchill, her eighty-five year old friend so vigorously that one of her ribs was broken. They met after a long separation and evidently Mrs. Garland was too affectionate.

The Boycott a War Weapon.

A new instrument of war appears in the announcement by the British government that English subjects must not trade with business firms and interests in the United States who may in some way or other be related to Germany. It is thus that the boycott and the black list are added to the bloody weapons of warfare. Since there are people of such pessimistic mind that they believe business and trade form the real foundation of the great war, it is not at all surprising to find the boycott as one of the weapons employed by the allies against the common foe.

Suspense Must Continue.

Again the date for formally notifying President Wilson that he is the Democratic nominee has been changed and he is not to be apprised of that fact until August 5. Undoubtedly it is only the worry and activity in connection with the present session of congress which enables the president to keep from getting nervous about this long delay. Mr. Hughes will be in calmer frame of mind for his notification is to occur July 31.

A Merciful State's Attorney.

There was another exhibition of justice tempered with mercy recently at the Clayton, Mo., jail. Six prisoners were confined there and because of the extreme weather the temperature of the jail became so unbearable that the prosecuting attorney arranged for the parole of the six prisoners. The six had been committed there for minor offenses and the chances are under the circumstances by which they escaped imprisonment they will have a more wholesome respect for law and the justice which the law supposedly represents than would have been true had they been compelled to lay out their terms in the sweltering heat.

Rippling Rhymes By WALT MASON

LEAP YEAR

"Oh, come with me and be my beau," the spinster whispered, soft and low. "Why do you smile at giddy girls, with pearly teeth and sunny curls, whose only asset is their looks, while I am learned, in life and books? Oh, I can cook, and I can sew, so come with me and be my beau. What tho in years I'm getting on? The foolishness of youth is gone; experience has taught me much, with useful arts I am in touch, and I can make of home a nest where weary man might gladly rest; and I can ornament, you bet, the parlor or the kitchenette, and I can wash and knead the dough, so come with me and be my beau. I play the harp and violin, I carve on wood and hammer tin, and I can talk of books and art; I've always been considered smart; with my own hands I made this gown, which is the smoothest thing in town; there's very little I don't know; then come with me and be my beau." The invitation was in vain, for no young man is safe and sane. He rounded up a girl to wed who couldn't bake a loaf of bread, or sew or cook or do a thing but look like flowers that bloom in spring.

Very likely some such work will be done. But the lost treasure which the artistic and scientific world is most anxious to see reclaimed does not rest in any old Spanish galleon. It fills the hold of a Roman ship which was sunk off the coast of Tunis 2,000 years ago, when bringing to the Tiber a collection of the finest statues and pillars looted from Greek temples.

The location of this wreck is known. Its previous cargo has been glimpsed by a few divers who penetrated, for a moment, the depths where it lies. Its recovery would be a much easier task than was the raising of the F-4. But the French Government, which was planning to undertake the work in 1914, will have little cash available for such purposes for many years to come, and depth of debt, rather than depth of sea water, will keep the beautiful marbles hidden in the African ooze.

election expenditures for a presidential candidate, \$25,000 for candidate for the vice presidency, \$5,000 for a senator and \$2,500 for a congressman. Now it would be interesting if in the state of Illinois the expenses of gubernatorial candidates and others who seek state offices were proportionately curtailed. A governorship aspirant would presumably be limited to about \$5,000 and yet it takes \$30,000 to send just one letter to all of the Republican voters in Illinois. If the law is to put an absolute end to extensive pre-election expenditures the friends of the candidates must also be enjoined from spending their money.

The Candidate and the Auto.

Many of the county candidates now are traveling about the county in automobiles calling on the voters and letting them know how much their "support will be appreciated." Time was not so many years ago when a candidate in his canvassing work would have hardly dared use an automobile for fear of offending his farmer friends. In those days the farmers looked askance at an automobile as something designed especially for the pleasure of town people, something which was a nuisance on the country roads, serving mainly to frighten horses and fill the air with dust.

Now it's all changed and the farmers themselves are the largest users of cars and think no differently of a candidate who travels in an auto than one who draws the reins over a dash board. A few years' time makes a mighty lot of changes.

An Alliance in Fact.

The story of the advance which the Allies have been making recently, or rather, the regaining of lost ground, indicates a better working agreement between the French and the English. In previous campaigns they have failed to work together in the most effective way but now the allies have an allegiance in fact and their joint armies move as one under the direction of Generalissimo Joffre. The perfect accord of action which has marked the recent movement of the allied troops is of special interest to the student of history who recollects the differences there have been between the French and English people in years gone by, some of those differences not so very far in the past.

U. S. Sailors and The Deutschland.

Should the rumors prove well founded that a U. S. citizen will be one of the crew when the Deutschland makes its return trip to Germany, a new international problem may present itself. The U. S. government is said to have declared that an act by any nation serving as an infringement of the rights of an American citizen to earn his living by following the sea would be even more indefensible than infringement of the rights of passengers. It is because of this announced ruling that the German captain plans to have a U. S. sailor so that if the Deutschland meet with catastrophe at the hands of the allies and the attack is not in accord with international law that the U. S. government may have a chance to make good its statement.

Nobody can certainly forecast just what the government would do in case of a happening of that kind but no sailor who has the right ideas of loyalty to his country will permit himself to be used as a tool of Germany in any such manner and thus run the long chance of involving his country in a controversy which might mean the unnecessary loss of life and property for his fellow citizens.

The Great Sea Treasure.

From the Chicago Daily Journal. When examining and raising the F-4—that unlucky submarine which carried a number of American sailors to their death off Honolulu a year ago last March—divers worked for short periods at a depth of 300 fete, and ascended to the surface without injury. Some enthusiastic persons, contemplating this new record, declare it ought to be possible to recover the treasures in many old Spanish galleons which lie less than 300 feet below the surface, but below the point previously thought the limit for diving.

Very likely some such work will be done. But the lost treasure which the artistic and scientific world is most anxious to see reclaimed does not rest in any old Spanish galleon. It fills the hold of a Roman ship which was sunk off the coast of Tunis 2,000 years ago, when bringing to the Tiber a collection of the finest statues and pillars looted from Greek temples. The location of this wreck is known. Its previous cargo has been glimpsed by a few divers who penetrated, for a moment, the depths where it lies. Its recovery would be a much easier task than was the raising of the F-4. But the French Government, which was planning to undertake the work in 1914, will have little cash available for such purposes for many years to come, and depth of debt, rather than depth of sea water, will keep the beautiful marbles hidden in the African ooze.

Missouri as a Republican State.

(St. Louis Globe Democrat.) In 1904 this state was Republican by 321,449 to 296,312 and Republican again in 1908, by 347,293 to 346,574. In the midpresidential year of 1910 the Republicans carried the state by a small majority. They were divided in the national election of 1912, but Taft and Roosevelt combined received 332,192 against 330,746 for Wilson. These

official figures indicate a Republican majority in the state this year, and conditions warrant the prediction that the lead will be larger than ever. The Democratic vote in Missouri reached its highest point twenty years ago. It was 39,000 larger in 1896 than in 1912, tho the population of the state has been steadily increasing. Democratic politicians say the decline in the party vote is due to the migration of Missourians to Oklahoma and other states. The excuse does not clear up the matter. Missouri's young men are not attracted by the Democratic party. As they enter business they perceive that Republican politics are the best to advance industry and commerce. They see the high value of a wisely adjusted protective system. They do not want to go down to the European standard of living. In taxation they prefer reasonable protective duties to putting stamps on business papers.

Not since 1900 has Missouri failed to condemn the free traders' platform. These facts show where the state has stood during the last twelve years, and the direction in which it is steadily moving. Republicans can go to the polls in November with confidence in the result in this central state. It is called debatable. The word is not justified by the record. Unless the best signs are at fault Missouri will be Republican again this year, and by an increased majority. The point in doubt is if the majority will be large enough, in relation to congressmen and legislature, to overcome the grossly unequal districting contrived by Democratic managers to make a minority beat a majority. This trickery is one reason why the Democratic vote in the state is in a decline.

Unless the rule that cheating does not prosper is changed the decline will be still more marked in the results of 1916.

MORTUARY

Richie. Mrs. Zenie Richie passed away Monday afternoon at 2:30 o'clock at her home, 368 East Hickenhull street after an illness of six months. Mrs. Richie is survived by her husband, who is employed as houseman at the Hotel Douglas and by several children.

Arrangements for the funeral have not been announced.

Lamb. Mrs. Julia Lamb, whose home has been in Jacksonville for a number of years, died at 3:30 a. m. Tuesday at her home, 529 West Edgmont street. Mrs. Lamb was born in this county Feb. 6, 1839. Her maiden name was Julia Taylor and as a young woman she became the wife of M. L. Hutches of Chandlerville. Subsequent to Mr. Hutches' death the deceased was married to Capt. M. H. Lamb of Chapin in 1892. Subsequent to the death of Capt. Lamb the deceased became a resident of this city. Mrs. Lamb was a member of the Christian church of Chapin and was faithful in all the varied duties of her life. She is survived by one sister, Mrs. Eliza Tinsley of Willis, Kans. The funeral will be held at 2:30 o'clock Thursday afternoon in the Christian church at Chapin, with the services in charge of Rev. Mr. Hadaway. Interment will be in Jordan cemetery.

CONCLUDE ARGUMENTS IN
RAILROAD TELEGRAPHERS CASE

NEW YORK, July 18.—Humanizing influences must be injected by railroads into their relations with employees if ruptures and disturbing controversies are to be avoided, the federal board of arbitration which is hearing wage demands of Union Telegraphers on the New York Central and Nickel Plate lines was told today by H. B. Perham, president of the Order of Railroad Telegraphers.

Mr. Perham and T. M. Pierson, vice-president of the union, summed up the employees' case, and the closing arguments for the railroads were made by T. W. Evans and A. S. Engalls, assistant general managers of New York Central Lines.

Mr. Evans said the notion seemed to prevail among employees that 1916 would be a good year in which to make a "killing."

The board then took the case under advisement, and it was announced a decision probably would be reached within ten days.

CHARGE NEGRO WITH FRAUD

Springfield, Ill., July 18.—J. C. Jackson of Danville, colored, was brought here today and placed in the Sangamon county jail, following his arrest at Lincoln on a warrant sworn out by Charles Virden, state visitation agent, charging that Jackson collected funds for "the white horse army manual training industrial school and orphan home" at Danville. Dr. Virden said the institution does not exist.

POSTMASTERS MEET
IN WASHINGTON

Washington, D. C., July 18.—Many of Uncle Sam's postoffices will have to struggle along without a boss this week, for a large proportion of the postmasters throughout the country have gathered here for the annual conventions of their national associations. The opportunity that the meeting affords to become acquainted with the workings of the postal service at the main center of operations has served to attract an unusually large attendance of the postmasters. Postmaster-General Burleson and other high officials of the Postoffice Department will address the conventions and President Wilson will receive the visiting postmasters at the White House.

The World's Work

July 1916

—On—

The Modern Trust Company

"It is encouraging to find a steady growth in the tendency among men to safeguard their estates against haphazard investment methods, not only by resorting to careful instruction in the framing of their wills, but also by providing for the administration of their estates by the so-called 'modern trust company' method.

Experience has taught the uncertain tenure of life of the individual executor may frequently result in the serious complication of estate management, even in cases where competence has been of the highest order. Such situations the trust company's practically perpetual existence serves to avoid. Add to that the fact that such institutions are organized with special facilities for giving just this kind of service, that they are subject to the constant supervision of state banking authorities, and that they are generally as willing to take charge of the relatively small estate as they are the large, and you have the explanation of how it has come about that along with their divers other activities they have, as a whole, undertaken the custody of estates valued at between seven and eight billion dollars."

DRESS FABRIC BUYERS

New York, July 18.—The present condition of the dress goods business in all its phases was discussed here today at the mid-year meeting of the Jobbers' Association of Dress Fabric Buyers. Representatives of the trade in all sections of the country filled the assembly room of the Waldorf-Astoria when the gathering was called to order this morning by President W. M. G. Howse of Wichita, Kas. In addition to the general business situation the subjects that received particular attention at the meeting included methods of sampling and the present developments in the dyestuffs situation.

CIVILIANS PROBE SANITARY CONDITIONS OF BORDER CAMP

SAN ANTONIO, Texas, July 18.—With the departure tonight for Brownsville of Dr. Thomas Darling, former president of the New York board of health the number of civilian investigators of sanitary conditions in border army camps was brought to three at least.

Official reports from the medical officers of the army indicate a high state of health in all the camps, both of the National guard and regular troops and the record at the base hospital here today showed no cases of infectious disease. There were 271 patients in the hospital, 125 from the militia and the balance from the regular army. Most of them are there for surgical treatment.

SECRETARY OVERRULES DECISION

Washington, July 18.—Freedom to enter the United States was granted tonight to former President Cipriano Castro of Venezuela and his wife by order of Secretary Wilson, of the labor department, who overruled the decision of the special board of immigration officials at New York denying them admission.

UNITED STATES TO MAKE VIGOROUS REPRESENTATIONS TO ENGLAND?

WASHINGTON, July 18.—Information gathered in an investigation which has been in progress for several weeks probably will be incorporated by the state department in vigorous representations to the London foreign office objecting to the placing of individuals and firms domiciled in the United States upon the blacklist. Altho the British government in its last communication to the United States on the subject declared the act was "purely domestic legislation to restrict the activities and trade of persons under British jurisdiction." The investigation by the state department is said to have convinced officials that in reality it operate to restrain American commerce.

READY FOR IOWA REPUBLICANS CONVENTION

Prohibition Plank Promises To Be Subject of Special Controversy.

Des Moines, Ia., July 18.—With two contests to be settled, innumerable political fences to be repaired and several hatchets to be buried, Iowa Republican leaders are arriving here tonight for the state Republican convention which will open at 10 a. m., tomorrow in the Coliseum here.

As was the case when the Democrats gathered here last week, a good deal of interest centers around the possibility of the insertion in the state platform of a prohibition plank. The fight on the nomination of W. L. Harding has, in the opinion of some of the dopesters caused an impression around the state that Mr. Harding is making his race as a "wet" and it is believed likely that steps will be taken at the convention to round up the prohibition vote by the insertion in the platform of a plank correcting this impression.

That platform also is expected to take a definite stand on the question of good roads, in reply to the address of the temporary chairman of the Democratic convention who referred to Mr. Harding as a "political chameleon, for good roads one day and for bad roads the next". There was no leader here tonight who would attempt to forecast what this plank would contain.

PROMINENT PRELATES TO K. C. CONVENTION

Supreme Gathering At Davenport Will Bring Together Many Dignitaries.

Davenport, Ia., July 18.—In addition to Most Reverend John Nonzano, apostolic delegate to the United States, who will be the guest of honor, a number of prominent prelates from all sections of the United States will attend the national Supreme Convention, Knights of Columbus, to be held here August 1, 2 and 3, it was learned today.

Invitations to all the Cardinals, Bishops, and Archbishops in the country have been sent out by the Bishop of Davenport, and acceptance thus far, it was said, have been numerous. Archbishop John Ireland, of St. Paul will come if possible, it was stated as will also Archbishop J. J. Keane of Dubuque, who is to preach the sermon at the solemn pontifical mass with which the convention is to open Aug. 1. Bishop Dowling, Des Moines Bishop Tihen, Lincoln, Neb.; Bishop Kelly, Detroit; Bishop O'Reilly, Fargo, N. D.; Bishop Heffron, Wiconia, Minn.; Bishop Muldoon, Rockford, Ill.; Bishop Ward, Leavenworth, Kas.; Bishop Lawler, Lead S. D.; Bishop Hennessy, Wichita, Kas.; and Bishop Duffy, Kearney, Neb., have signified their intention to be present, it was stated.

All of the bishops and archbishops will be present at the opening pontifical mass at which papal Delegate Benzano will be celebrant and will be guest at the other convention programs to be given thruout the stay here of the delegates.

DURBIN.

Robert Smith, Sr., entered into rest Saturday afternoon, July 15th at the home of his daughter Mrs. Malinda McCormick after a year's illness.

Mrs. Jane Newman and Mrs. Milcel Laverick of Broadlands came last week to be with their father, Robert Smith in his illness.

LIQUOR ISSUE AROUSES TEXAS.

Austin, Texas, July 18.—Democrats of Texas in a primary election next Saturday will nominate a State ticket and members of the legislature, one United States senator and sixteen representatives in Congress. The campaign now nearing its close has been the most spirited that the Lone Star state has experienced in years. Nominations for all places on the ticket are considered equivalent to election.

All of the members of the present delegation in Congress are seeking re-nomination with the exception of Robert L. Henry, of the Eleventh district, who is a candidate for the United States senatorial nomination. Each of the congressional candidates has opposition with the exception of Young of the Third district, Summers of the Fifth, Buchanan of the Tenth, Slayden of the Fourteenth, and Garner of the Fifteenth district. Several of the men most prominent in Texas public life are entered as candidates for the United States senatorship. Senator Charles A. Culberson, now nearing the close of his third term, is a candidate for re-nomination. His chief opponents are former Governor Oscar B. Colquitt, former Governor Tom Campbell, Congressman Robert L. Henry, and Dr. S. P. Brooks, president of Baylor University.

The contest for the governorship has been heated between James E. Ferguson, the incumbent, and Charles H. Morris, of Winnesboro. Supporters of Governor Ferguson believe he is certain of re-election by a large majority. His success will probably mean that he will be a candidate for United States senator two years hence.

The fate of most of the candidates is closely interwoven with the prohibition issue, which has been the big question in nearly every Texas campaign in recent years. In the coming primary the question of re-submitting the prohibition issue will again be put up to the voters for decision. If the majority of the votes cast are in favor of submission the legislature will be expected to obey the mandate of the party. In the event the joint resolution submitting the proposed amendment to the Constitution to the vote of the people is passed by the legislature it is probable that the election on the proposition will be held some time in the latter part of next year.

State-wide prohibition by constitutional amendment has been voted on twice in Texas, and defeated each time. Submission has been voted on three times, twice ordered and once refused.

The State-wide prohibition constitutional amendment was voted on in 1887, at which time it was defeated by a vote of 129,27 for prohibition and 220,627 against it.

In 1908 the question of submission was placed on the primary ballot and submission was ordered by a vote of 145,130 to 141,441. However, the Thirty-First legislature, in 1909, refused to submit the amendment.

In 1910 submission was again placed on the primary ballot and again ordered, this time by a vote of 159,406 to 131,324. The Thirty-second legislature, in 1911, submitted the amendment, and on July 22, 1911, the amendment was defeated by a vote of 231,096 to 237,393.

In 1914 the question of submission was placed on the primary ballot once more, but the voters refused to order the legislature to submit the amendment by a vote of 179,117 to 156,534.

It has been proved in the past that some members of the legislature do not consider primary instructions as binding upon them, particularly if they happen to represent districts that cast a majority of votes against the platform demand. It is therefore by no means certain that even should the State-wide submission proposition be carried in the primary next Saturday it will have smooth sailing in the legislature.

The Anti-Saloon League, which is directing the "dry" campaign, fully recognizes the importance of electing a majority of the members of the State senate and house, who are pledged to support the proposed State-wide prohibition amendment to the Constitution. To this end they have placed an avowed "dry" candidate in the field in nearly every State senatorial and representative district.

The Anti-Saloon League is making extensive campaign use of the evidence that was obtained by Attorney General Looney in the prosecution of the cases against the Texas breweries.

ILLINOIS REGIMENTS AT SAN ANTONIO RECEIVE MACHINE GUNS

SAN ANTONIO, Texas, July 18.—All Illinois regiments encamped here have received machine guns and special instruction for officers was begun today in the United States arsenal where Col. J. M. Dooley a retired army officer lectured on the Lewis Model gun. The troops of the first brigade were inspected by a committee of eight officers under the direction of Major W. H. Veno-weth. The regular drill program was carried out by both Illinois brigades. It is expected the proposed thirty mile hike to Leon Springs for rifle practice will start Friday.

FIND GIRL GUILTY

Chicago, July 18.—Miss Helen Becker, 19 years old of Cedar Rapids, Iowa, was found guilty of petit larceny in the South Clark street police court today and paroled for one year to Miss C. L. Gleason, probation officer. She was arrested July 4th, on complaint of Mrs. Reta Gordon Meyerowitz, who charged her with the theft of jewelry from her home.

SIGHTS SCHOOLS OF BIG SHARKS HEADED FOR AMERICAN COAST

BOSTON, July 18.—Schools of big headed sharks commonly called man eaters were sighted in mid-Atlantic headed for the American coast according to officers of the ruguayan ship Walden Abbey, which arrived from London today. One large shark was seen off the coast of Maine and another of unusual size of Cape Ann, the officers said.

Officers of the steamer Penobscot in today with sugar from Matanzas, Cuba, reported large schools of man eaters off the Delaware Capes headed north. Three of the big fish were sighted off Block Island on the southern New England coast.

DISCUSS DETAILS OF PROPOSED SETTLEMENT OF CEMENT STRIKE

OTTAWA, Ill., July 18.—A conference of employers and striking cement mill workers in La Salle and Oglesby was held at La Salle today and extended far into the night. A discussion of the details of the proposed settlement is underway. Eighteen delegates are in attendance, each side being represented by three conferees from each of the three mills. Attorney Walter Hannonck, former mayor of La Salle is legal adviser for the strikers. The operators are represented by leading officials of their companies. Sheriff Davis said that the indications are that a settlement will be reached before the conference ends.

The Perfect Corn Flakes

New Post Toasties are not only inexpensive but they bear a new deliciousness, produced by a new process of cookery—the first to produce corn flakes with the self-developed true corn flavor.

So fine is the flavor that New Post Toasties are wondrous good eaten dry. Unlike common corn flakes, they do not require cream and sugar to make them palatable. Try some that way—you'll appreciate the point, though they're even better when served with cream or good milk.

These New Post Toasties don't mush down in cream, and they are not "chaffy" in the package, like common flakes. They're new in form, new in flavor, and new in appearance. Note the tiny bubbles on each flake—an identifying feature.

Put up in wax-sealed packages, New Post Toasties retain their oven-crispness and flavor until served at your table.

Have your grocer deliver a package for tomorrow's breakfast.

SALE OF FRISCO WILL END RECEIVERSHIP

Reorganization Managers Are Expected To Bid on The Big Property.

St. Louis, Mo., July 18.—The sale of the St. Louis and San Francisco Railroad, which has been advertised to take place at the railroad's round house in St. Louis on July 19, will bring within sight the end of the three-year receivership, during which the system has been divested of two important subsidiaries—the Chicago and Eastern Illinois, and the New Orleans, Texas and Mexico.

The sale at foreclosure was decreed in the United States Circuit by Judge Sanborn on March 31, 1916, and he fixed premium price at \$45,700,000.

It is generally accepted in financial circles that there will be but one bidder for the property—the reorganization managers—who have submitted to the Missouri Public Service Commission a comprehensive plan for the financing of the road. The plan was accepted by the public service commission, except that feature providing for a voting trust to hold the stock of the road for five years. This plan was allowed to remain in the reorganization plan, subject to a court decision as to its validity under Missouri law.

Under the reorganization plan, the new Frisco system is to have a capital of \$221,688,000.

It is expected that a new company will be organized soon after the sale of the road at foreclosure to the reorganization managers, and that early in August the new company formally will take over the road from the receivers.

The reorganization managers are J. and W. Seligman and Company and Speyer and Company.

Under the reorganization plan, the capitalization, exclusive of the bonds of the Kansas City, Fort Scott and Memphis road, an integral part of the Frisco system, is in round numbers as follows:

Prior lien bonds \$95,600,000
Adjustment mortgage 25,000,000
Adjustment mortgages 40,000,000
Non-cumulative income bonds 35,000,000
Non-cumulative preferred stock 7,000,000
Common stock 48,000,000
Provision was made for the exchange of securities of the old company for those of the new.

CHAUTAQUA TICKETS

The season tickets for the Chautauqua are now ready for distribution and may be obtained from the secretary, at the Farmers State Bank & Trust Co. Subscribers are earnestly requested to call promptly and take up their tickets and in this way assist the management and boost the Chautauqua. By this means considerable expense may be saved and the directors, who do much work without any compensation will be greatly assisted. It is a big job to collect for 4,000 tickets and your assistance will be greatly appreciated.

MAD DOG SCARE ON E. STATE.
Yesterday afternoon a pet bull dog belonging to William Newman went mad and bit another pet dog. Dr. Charles Scott was sent for and upon arriving disposed of both of the dogs. Considerable excitement prevailed in the neighborhood and most of the doors of homes were barred. Miss Newman immediately before the dog went mad had permitted it to lick her hand. She went to Dr. Woltman and had the hand treated.

Dr. Scott had considerable difficulty in shooting the dogs, especially the first one to go mad. The dog was locked in a room of the house and he climbed up on a ladder to shoot in the window. When the dog saw him it made a lunge and knocked the screen down. It then went back and as Dr. Scott appeared again made another lunge, but this time the revolver prevented his coming very far. Dr. Scott says this should be a warning to all owners of dumb animals to keep plenty of water on hand for them as a plentiful water supply is useful as a preventive.

MISSIONARY SOCIETY MET

Tuesday afternoon Mrs. Charles Hopper was hostess to the Grace Church Woman's Home Missionary society on the lawn of her residence 301 North Diamond street. A large number of ladies were present to enjoy the delightful program in charge of Mrs. E. D. Canatney. The topic for discussion was "Missions Among Spanish Speaking People." After an able discussion by the leader the following readings were given.

JACKSONVILLE YOUNG MAN WEDS IN CALIFORNIA

Sylvester Mapes and Miss Hattie Holmes Married At Los Angeles, California.

Mrs. M. S. Mapes has received word of the marriage of her son, Sylvester L. Mapes to Miss Hattie Holmes. The ceremony was said in Los Angeles, Cal., July 10. The groom is the son of Mrs. M. L. Mapes of 615 South Fayette street and while here was employed by Brady Bros. He left Jacksonville for California nine years ago. The following is from the Riverside Enterprise:

At a wedding this morning that was marked by its very simple but beautiful appointments, Sylvester L. Mapes and Miss Hattie Holmes, both of this city, were united in marriage.

The ceremony was read in Los Angeles at the home of the bride's sister, Mrs. G. A. Shipley, 2030 West Thirteenth street, at 11 o'clock this morning, only the immediate families of the contracting parties witnessing the service.

Green and white was the color scheme chosen for the decorations, and while the decorations were very simple they were decidedly effective. White blooms combined with glossy foliage formed a pretty background for the ceremony.

The bride was attired for the wedding in a traveling suit of black taffeta, white lace blouse, chic white hat and accessories. Her bridal bouquet was of delicate bride's roses and lilies of the valley combined with maiden hair fern.

Immediately following the ceremony an elaborate wedding breakfast was served at the Shipley home after which Mr. and Mrs. Mapes left on their honeymoon. This will be spent in San Diego and nearby points of interest. After a week or 10 days' trip they will return to this city where they will make their home at 943 West Fourth street.

It is with considerable interest that the news of the marriage will be received here, for both Mr. and Mrs. Mapes enjoy a large circle of friends in Riverside, where they have both lived for some time. Mrs. Mapes has made her home with Mr. and Mrs. C. A. Anspach and family for many years and has been connected with the Reynolds department store where she has held a responsible position in the drapery department. Mr. Mapes is well known in business circles here as the proprietor of the Riverside cafeteria.

RAIN CUTS RACING SHORT AT NORTH RANDALL TRACK

But One Heat is Raced in Sweepstakes and 2:05 Pace—Exposer Wins 2:18 Trot and Kate McKinney the 2:12 Pace.

Cleveland, O., July 18.—The second day of the Grand Circuit races at North Randall furnished some exciting and gruelling racing which however, was cut short by rain. But one heat was raced in the sweepstakes for 2:18 trotters and the 2:05 pace. They will be run off tomorrow.

The two races which were finished today were won by horses making their Grand Circuit debut from the half mile circuits. The Exposer won the 2:18 trot, but was compelled to race four fast miles to win. Exposer was third in the pool selling.

Kate McKinney, ably driven by Mallow, caused a sensation by upsetting all predictions and winning the 2:12 pace. She too, was forced to travel four heats to win. The only heat of the Randall sweepstakes, for 2:18 trotters, was won by Expressive Lou. Walter Cox drove Camelia home in front in the only heat of the 2:05 pace. The Beaver was second.

COMMUNICATION.

Editor Journal: About a month ago I applied for the privilege of pitching my tent at Morgan lake in Nichols park for a few days or a week, expecting to take six Jacksonville boys out there. After a few days I saw in the Park Board notes that camping would be allowed only during chautauqua.

I note that last week permission to a party of eleven boys from Murrayville who were allowed to camp there two days.

I am glad that they gained permission but I am very sorry that we were refused.

I have enjoyed camping during chautauqua as have many others. I think that at other times it would be desirable to camp there, and without any detriment to the park. It is cool out there under the trees now on a hot day. I know for I have been out there under the trees yesterday thru the middle of the day. Then there is golf, tennis, fishing, boating and swimming. And if you want to see the boys enjoy themselves just watch them use the "athing privilege." I would like to see the tenting privilege tried out. Let us enjoy Nichols park more than ever.

Here's to the Murrayville boys. I am sure they enjoyed it.

Dr. H. L. Griswold.

St. Louis, 5; New York, 2. St. Louis, July 18.—St. Louis won the last game of the series with New York here today 5 to 2. Robertson hit a home run to the center field fence in the first inning, which was said to be the longest hit ever seen at the St. Louis park.

Score: R. H. E. New York, 100 000 001—2 7 2. St. Louis, 010 000 130—5 11 1. Perritt, Anderson and Rariden; Steele, Ames and Gonzales.

Cubs Forfeit to Brooklyn. Chicago, July 18.—Chicago forfeited to Brooklyn today by the technical score of 9 to 0 because Manager Tinker refused to leave the field when Umpire Byron ordered him away. By a batting rally in the sixth inning Brooklyn had tied the score and the teams went into the tenth with the count 4 and 4.

Jimmy Archer, Cub catcher, broke a finger in the game.

TUESDAY IN CONGRESS.**Senate.**

Resumed debate on construction of naval appropriation bill. Commerce committee ordered favorable report on shipping bill.

SOME FARM THEMES.**ADAMS COUNTY'S BIG ALFALFA CAMPAIGN**

Not discouraged by the injury done to alfalfa the past winter the farm advisers of Adams county have arranged for a special alfalfa campaign to be held next week, when Dr. W. L. Burlison of the farm crops department of the University of Illinois will give a series of lectures. There will be at least 25 of these meetings which are to occur on Adams county farms in accordance with aschedule which has been arranged. It is hoped from these neighborhood conferences to very materially increase the acreage of alfalfa in Adams county for the coming year. While alfalfa can be planted at different periods, the generally accepted belief in this section is that the best time for planting is in the month of August. Those who have had experience with the crop have had the best results in that the best time for planting is sowed up in the spring or early summer and worked down during the succeeding weeks until August. This work not only results in getting the ground into the fine pulverized condition which is desirable for alfalfa sowing but also kills off the weeds.

On J. E. Rawlings' Farm.

James E. Rawlings has a wheat field of forty acres on one of his farms about seven miles southeast of Jacksonville which he believes will thresh out thirty bushels to the acre. This estimate is based on the returns from Mr. McCormick's field which adjoins that on the Rawlings' farm. To all appearances the wheat on the Rawlings land is just as heavy as that which Mr. McCormick threshed. Mr. Trotter will be on the farm with his threshing outfit some time this week, as Mr. Rawlings has determined to sell his wheat and not to stack or store it. Mr. Rawlings has also eighty acres of oats which give promise of good yield and the work of cutting them is almost completed. In answer to a question yesterday he said that corn on his farm, and he has something more than 200 acres in corn, is beginning to show the need of rain. He does not consider that any great damage has thus far been done but the corn is firing to some extent and a rain will help it greatly.

While Mr. Rawlings believes in planting corn early he remembers a number of years when the corn that was planted late gave better results than the early planted corn. This, of course, was due to the fact that the early planted corn did not get an adequate amount of rain just at the time it was needed, while the corn which was planted later did not reach the stage of development when rain was needed until the latter part of August and then the rain fall was sufficient. Aside from the question of rain the farmer takes a chance with frost when he has late corn. The growing of crops is necessarily somewhat a matter of chance with the odds in favor of the farmer who gets the work done early.

TO MANUFACTURE TRACTORS.

The Illinois Silo Co., of Bloomington is going to manufacture a tractor to be known as the Illinois Tractor Cultivator. A factory plant is to be constructed at once. The patentee of the new tractor cultivator is W. M. Springer, who for twenty-five years was hie designer for the Avery Manufacturing Company of Peoria. Mr. Springer will take charge of the factory in Bloomington, and will have charge of the enterprise.

SHELBY COUNTY HOG CHOLERA LOSS.

The Decatur Review correspondent from Shelby county says that hog cholera cost the county the past year \$80,000. Other interesting farm facts are also noted. Shelby county's loss from hog cholera during the year was approximately \$80,000, according to the statement of agricultural statistics made by nineteen of the twenty-three assessors in their recent returns to the county clerk transmitted by him to the state auditor. Figures from Penn. Pickaway, Flat Branch and Sigel townships are not available, but in the other nineteen townships the returns show the death by cholera of 13,220 hogs and pigs, weighing 1,140,582 pounds, or about 16 1-2 per cent of the weight of fat hogs sold during the year.

The loss from death of horses was \$61,174 and from the death of cattle, \$23,363, while more than a thousand sheep was killed by dogs. The number of horses and colts in the 19 townships on last of April, 1916, was 14,833. On April 1, this year, there were 29,070 cattle of all ages and in 1915 the gross weight of fat cattle sold was 6,284,580. The fat sheep in the same year weighed 138,729 pounds.

The return from eggs sold during 1915 were far in excess of the returns from poultry, the total amount received from the sale of eggs being \$132,013, while the sale of poultry brought the producers only \$71,901. Of the dairy products there were sales of 1,554,499 gallons of cream, 90,425 gallons of milk, 410 pounds of cheese and 97,822 pounds of butter.

Of late years Shelby county has not been rated as a wheat growing area; nevertheless, during the year 1915 a total of nearly half a million bushels of spring and winter wheat was produced on 10,000 acres of Shelby county farming land—an average of more than 40 bushels to the acre.

Corn, however, was the premier field crop, the yield being a total of 3,341,833 bushels from 99,609 acres of land. The oats crop yielded 766,450 bushels from 36,441 acres.

DENIAL THAT BLACKRUST HAS SPREAD LOWERS WHEAT PRICE

Market Closes Unsettled at 10 to 15 of a Cent Net Decline—Corn Maintains a Firm Tone.

Chicago, July 18.—Denials that blackrust had spread into Canada tended to day to make wheat traders skeptical regarding damage reports. Accordingly the market closed unsettled at 1/4 to 1/2 net decline with July 1.11 1/2 and Sept., 1.12 1/2.

Corn gained 1/4 to 1/2 net, oats lost 1/4 to 1/2 net and provisions were irregular ranging from 10c decline to a rise of 12c. Would-be purchasers of wheat gave considerable attention to Liverpool dispatches saying that the unfavorable weather in all producing countries was causing British buyers to become nervous. Export sales were estimated at 600,000 bushels including 200,000 bushels of new hard winter wheat. Corn maintained a firm tone. Heavy complaints of heat and drought were received. Speculative selling weakened oats. Hot weather damage reports had merely a transient bullish effect. Provisions averaged higher with hogs. Late sales however of 1,000,000 pounds of lard by a leading trader seemed to operate at least temporarily as a check on buyers.

STRENGTH DEVELOPS IN HOGS BECAUSE OF FEWER OFFERINGS

CAPRICES OF PROFESSIONALS GOVERN MARKET MOVEMENTS

Public Interest is Negligible—Trading is Light Throat.

New York, July 18.—Market movements today were governed by caprices of professional traders. Public interest was negligible. Trading was light throat. Speculative sentiment was conflicting, the course of prices indicating faith in investment issues.

Call money was in free supply at 2 1/2 per cent and longer maturities were shaded by half to one percent. Motors, munitions, some coppers and a few high priced specialties were susceptible to moderate pressure.

General Motors made an initial dip of 29 points to 465, but recovered the greater part of its loss before the close. Changes in other parts of the list represented numerous gains and losses. Reading was the only conspicuous railway stock to manifest more than a slight degree of activity.

Exchange markets were at a stand still. The only feature of the regular bond market was a decline of six points in Tennessee Copper convertibles.

Total sales of bonds par value were \$2,640,000.

United States bonds were unchanged.

KANSAS CITY MARKETS.

Kansas City Stock Yards, July 17.—Shipments of stockers and feeders out increased sharply last week, total 11,000 head, and prices sank to the lowest level of the season. The supply of cattle Monday this week was heavy, 18,000 head and prices showed further weakness. Good serviceable red two year old steers can be bought as low as \$6, good bred ones at \$6.75, and about the best drove of white face yearling steers in the yards Monday sold at \$7.65, 470 lbs. average. Another extraordinary sale Monday was a drove of extra thin New Mexico yearling heifers, high bred white faces, "good coat of hair" at \$8.25, 333 lbs. average. These were bought by a Montana man. In feeders the same decline is noted. Good red feeders, as well bred as most any man can want, around 1000 lbs. average, sold Monday at \$7.15, and the best fleshy feeders, cattle that are getting into the fat classes sell around \$8.00. Commission men are getting many inquiries for stockers and feeders, coming in the last week from as far east as Ohio, and they are answering that prospects favor the heaviest fall run of cattle ever known here, and the big movement has already begun. Prospective buyers should watch Kansas City for if there happens to be an extended period of dry weather in the West, in fact unless it rains generally within a week or two, dry weather cattle will have to be turned on the market by the thousands. Owners are nervous, and remember 1913 and its drought, and the disaster that attends waiting till everybody else is forced to ship. Everything points to heavy receipts of cattle here right along from this time. Immune stock hogs are held firmly, altho the weak situation on fat hogs is against the market for them. However, they sell at \$10 to \$10.50. Feeding lambs may be had at \$8.50 to \$9.00 for best ones, and breeding ewes remain firm, around \$7.50, choice young ones up to \$5.50.

CHICAGO LIVESTOCK MARKET

Union Stock Yards, Chicago, July 17.—Oliver S. Green with Walter Bros. reports the estimated receipts for Monday July 17, 1916.

22,000 cattle
37,000 hogs
13,000 sheep.

The cattle market was very dull and generally 25c lower. A few prime yearlings and handy weights suffered only 10 to 15c break. Kansas City reported 19,000 cattle and the six leading markets had about 60,000 head. Dry weather was the main factor in forcing excessive runs. While the great bulk of receipts all around were only short feeds and grasses. The demand for good corn was not large nor urgent, especially short on eastern orders, and the country is unloading regardless of the depression in prices.

Butcher stock dull and mostly 10 to 15c lower than Friday. Some choice early sold—fed cows and heifers escaped the decline. Cows, common to good grass cows 35 to 50c below one week ago.

Bulls at Friday's level, 25 to 35c under Wednesday. Veal calves are fully 25c lower. Quality plain, Bulk 11 to 11.50. Stocker and feeding steers slow, at last week's break of 25 to 50c.

Hogs largely 10c off from Saturday morning. Top bid 5c lower. Price range continues to widen. Many packers 9.40 to 9.50. Closing market 20 to 35c below one week ago.

Range lambs steady to 10c lower. Natives 10 to 15c down choice Idaho lambs 10.60. Feeders bid 9.40. Extreme top for native lambs to packers 10.35. Bulk 10 to 10.35. Yearlings weak to lower. Sheep at bottom levels of last Friday.

The Standard of Value and Quality

WE might attempt to enumerate and describe to you all the many features that have been combined in the New Series Fairfield "Six-46" to make it the last word in elegant and luxurious motoring.

But we should prefer to have you make your own examination. You know, perhaps, of the power, buoyancy and perfect control of the motor—supreme among the Sixes for gentlemen's driving.

But we want you to see for yourself what we have added. We want you to see the new beauty of the car, the new refinements of all the little things and big things that count, the still greater comfort, elegance and luxury of a car already acknowledged leader of the "Sixes."

We want you to come and satisfy yourself that our claim and the public's award "the most completely equipped motor car that can be purchased on the American market—absolutely irrespective of price"—is accurate and well merited. Make your own comparisons. Arrive at your own conclusions.

Just come and see this sumptuous motor car.

Murrayville M. E. Church.

One fourth quarterly conference of the Murrayville M. E. church will be held August first. All the official members are requested to be present. This is the last business session of this conference year. All the presidents of the societies and all the committees are expected to report to this assembly. Dr. F. A. McCarty will be present and desires to have a full attendance of the board. Time of meeting 8 p. m. in the church.

We have arranged with Brother J. L. Wyatt to receive the money for the benevolences at the Murrayville Bank. It will be due August first. Quite a number have already called and paid their pledge. You may not have signed a card, but we hope you will call at the bank and pay some on this cause.

You can be such a real joy to the Lord's cause if you will help a little, but when you dodge, and hold back, and escape all the financial obligations that you can, the individual that does not belong to church naturally concludes there is not much real worth in the church after all, and

that he is lucky not to belong. But we know that this is not true, and that you do not intend to give this impression. It is just a little bit of thoughtlessness on your part. This is just to remind you how you can help. Thank you, you are a splendid lot of folks, just a little careless at times. There are seven more Sundays in this conference year. We hope you can attend all of the Sundays. Yes it is hot, that is what makes good crops. Come and worship and thank God for the harvest and good health. We will be glad to see you next Sunday.

C. S. McCollom, Pastor.

Charles S. Medbury, presented by the Colt-Alber Chautauqua Company, disclaims ambition as a lecturer and yet grants a keen relish of the type of heart these platforms afford. He is able to give but little time to outside work but has found eager response to his messages wherever they have been presented.

Dr. Medbury's experience has been quite unusual. Several years of business life in Cleveland, Erie and Chicago gave him touch with men of affairs. A Chaplaincy in the Spanish-American War (157th Ind. Vol. Inf.) gave glimpses of life under wholly unusual conditions, while twenty years' pastoral work in College and University communities have yielded a grip of the problems of America's young manhood and womanhood that enables him to speak with authority.

For the past twelve years Dr. Medbury has been pastor of the University Church of Christ, Des Moines, Iowa, where he ministers each Sunday to more people than any other minister in all the Central West. He is Chaplain of Drake University and an enthusiastic advocate of the best things of the educational life of our day. Having enjoyed advantages of extensive travel in this and other lands, he comes to his platform work with wholesome breadth of view and with just one purpose burning in his soul—to lend a hand of inspirational uplift to those who hear him. Paragraphs 71, 72, 73 and 74 of chapter 114 of Illinois statutes outlining the duties and rights of railroads and warehouse commission are as follows:

Approaches at Crossings. 8. Hereafter, at all of the railroad crossings of highways and streets in this state, the several railroads corporations in this state shall construct and maintain said crossings, and the approaches thereto, within their respective rights of way, so that at all times they shall be safe as to persons and property.

Neglect to make, etc., crossings—Notice. 9. Whenever any railroad corporation shall neglect to construct and maintain any of its crossings and approaches, as provided in section 8 of this act, it shall be the duty of the proper public authorities, having the charge of such highways or streets, to notify, in writing, the nearest agent of said railroad corporation of the condition of said crossing or approaches, and direct the same to be constructed, altered or repaired in such manner as they shall deem necessary for the safety of persons and property.

When the company neglects, authorities to construct, etc., 10. If any railroad corporation of this state shall, after having been notified, as provided in section 9 of this act, neglect or refuse to construct, alter or repair such crossing or approaches within thirty days after such notice, then said public authorities shall forthwith cause such construction, alterations or repairs to be made.

Company to pay expense and \$100. 11. Said railroad corporation shall be held for all necessary expenses incurred in making such construction, alteration and repairs, and in addition thereto shall be liable to a fine of \$10 for such neglect to comply with the requirements of this act, which fine shall be enforced by the said public authorities, in the name of the people of the state of Illinois, before any court of competent jurisdiction in the county. Such fine, when collected, to be paid into the treasury of the authorities enforcing the fine.

Paragraph 58 of chapter 114, of public utilities act reads as follows:

"Grade Crossings. No public road, highway or street shall hereafter be constructed across the track of any railroad company at grade, nor shall the track of any railroad company be constructed across the track of any other railroad or street railroad company at grade, nor shall the track of a street railroad company be constructed across the track of a railroad company at grade, without having first secured the permission of the commission: Provided, that this section shall not apply to the replacement of lawfully existing roads, highways and tracks. The commission shall have the right to refuse its permission or to grant it upon such terms and conditions as it may prescribe. The commission shall have power to determine and prescribe the manner, including the particular point of crossing, and the terms of installation, operation, maintenance, use and protection of each such grade crossing."

"The commission shall also have power, after a hearing, to alter or abolish any grade crossing, heretofore or hereafter established, when in its opinion the public safety requires such alteration or abolition, or to require a separation of grades at any such crossing; and to prescribe after a hearing of the parties, the terms upon which such separation shall be made and the proportions in which the expense of the alterations or abolition of such crossings or the separation of such grades or street railroad companies affected or between such companies and the state, county, municipality or other public authority in interest: Provided, that nothing in this act shall be construed to repeal an act in relation to the crossing of one railroad by another, approved May 25, 1907, and in force July 1, 1907."

STATE NEWS NOTES

Carlinville Man an Aviator—Will Deiss, a graduate of the engineering department of the state university, is at his home in Carlinville after a year's service with the Curtis Bros. aeroplane company of Buffalo. The young man has been a passenger a great many times in the Curtis aeroplane and has sailed at an elevation of 13,000 feet. He explained that the reason the American flying machines have not been a success in the mountain country in Mexico is because the engines lose their power in the rarified air of the mountains.

Organizing Ambulance Corps—Dr. Jay T. Wood of Springfield is organizing an ambulance corps to offer to the state of Illinois for service on the border. More than forty applications for the service have been received and Dr. Wood expects very soon to have the requisite number of fifty.

Died from Shock—Mrs. Martha Carroll, who had been visiting in Belleville, dropped dead there when a telegram was received telling of the death of her son, who had been crushed to death in a mine in Arkansas.

Prominent Belleville Man Insane—Harry Kircher, a college graduate and for some time manager at Belleville for the St. Clair Gas & Electric company, has recently been declared of unsound mind. At the hearing it was shown that Kircher is addicted to liquor and that he was such a spendthrift that he dissipated a fortune of \$50,000 in the past ten years. By special arrangement made by Fred J. Kern, president of the state board of administration, Kircher will be given special treatment at Kankakee hospital where he will be a "pay" patient.

Hancock County Jurist Dead—Judge John D. Miller died suddenly at his home in Carthage. The deceased was seventy-two years of age and the oldest member of the Hancock county bar. He was probate judge in that county from 1890 to 1894.

Died from Insect Bite—At Peoria James Kester of Farmersburg, Ind., died from an insect bite. Kester was traveling by automobile from Indiana to lowland when near Morton, Ill., an insect bit him on the left cheek. Soon the cheek began to swell and a consultation with a physician proved that there was an infection and that blood poisoning had set in. Death resulted in a few days later.

Stole the Church Piano—The meanest man has again been heard of, or rather, the meanest burglar. As a result members of the Sixth Congregational church of Oak Park are minus a \$400 piano. The robber backed a dray to the church door and made away with the piano before his intentions were learned.

Collected Insurance on Swallowed Diamond—A Chicago man, Abram Jacobson by name, has just been paid insurance for a loss which occurred in a peculiar way. Jacobson is a jeweler and received a draft from Lloyds of London for \$80.25 to make good the cost of a diamond

Are You Ready?

Positively, my friend, you cannot equal an Emerson Plow for perfect work, light draft and convenient handling.

The Emerson is not an ordinary plow. It is in a class by itself.

All hand levers on one side. Just step on the foot lever and you are in the seat—so easy.

Long distant magazine axles—meaning a better bearing. Wheels higher than any other, meaning lighter draft. Land axle crossing entire frame and frame one piece, meaning stronger construction. Front furrow axle bracket longer than any other holding front furrow wheel up to its work.

If you wish a real plow you will buy an Emerson.

How About Fall Plowing?

Have you seen the Avery Tractor at work? Do you know why it is superior to any other make? Is it not a duty you owe yourself and family to find out? Do you not intend to increase your production and thereby do your full duty to mankind? We know you do. Only you, like all the rest of us, need showing and it is our duty to show you.

In order to get the best results from our high priced land we must plow deep, anyway from six to nine inches, and only one power will do this. Horses can not do it, but an Avery Tractor will, and does it so easily for the operator and machine. Just step in and get an Avery catalog. This will give you facts and a close study is urgently desired. Then step in our store and see the real thing. We delight in showing the many superior points on our machine.

Then read our special warranty. This is good. And, believe us, it will prove to you why we sell Avery Tractors.

Avery Tractors do everything good.

DOUBLE FUNERAL SERVICE HELD FOR VICTIMS OF AUTO TRAGEDY

Last Rites for Mrs. Mary McSherry and Miss Ellen Groves Said at Church of Our Savior.

A deep solemnity marked the double funeral service Tuesday morning at the Church of Our Savior when burial rites were pronounced for Mrs. Mary McSherry and her granddaughter, Miss Ellen Groves, killed in the automobile tragedy of Sunday morning. Sorrowing friends filled the auditorium of the church and when the service began at 8:30 o'clock there was in the entire building no vacant seat. Friends were present from every religious denomination. The funeral was one of the largest ever held in this city and the service was but simple, there prevailed a spirit of sympathy which could not be fathomed and each beholder sat silent with awe and reverence. For William Groves, a sufferer in a hospital room nearby, there was naught but poignant sympathy. The hearts of all went out to him in this hour of bitter sorrow.

The Rev. William T. Sloan, assistant pastor of the parish, was in charge of the service. He said the requiem high mass in the Gregorian chant, immediately after the mass absolution was given by Rev. Father Sloan and the closing portion of the service was given both in English and Latin.

There were no flowers, the caskets of the twin resting in solemn simplicity before the altar. The casket of the elder woman was placed first and then the body of the granddaughter. The funeral cortege was formed immediately after the ceremony and the remains were borne to Cavalry cemetery in two hearses, followed by a procession of carriages and automobiles several blocks in length.

Sunday and Monday the bodies were at the home of Mr. and Mrs. John W. Clary on West North street and there beautiful floral offerings were brought in great profusion. Caring for the flowers were Misses Adele Heini, Marie Worfolk, Mae Spaulding, Julia Murray and Josie Sweeney.

Side by side, the caskets were placed in the same grave. I. E. Worfolk, H. O. White, William Graves, M. F. Dunlap, John Noonon, W. H. Moy and Thomas Meehan served as bearers for Mrs. McSherry. The bearers for Miss Groves were Earl Harmon, Ralph Ryan, Joseph Becker, Thomas Walsh, Jr., Donald Butler and Edward Alexander.

Reports from Our Savior's hospital Tuesday brought the welcome news that Mr. Groves is showing steady improvement in condition. Still suffering from his injuries and well nigh overcome with anguish, there was first a feeling that his condition might indeed be serious. Signs of returning strength were manifested as the day wore on and Tuesday evening it was confidently asserted that improvement would continue.

THE LUTHER WALTHER LEAGUE

Altho members of the local Lutheran church have been unable to attend the League convention in St. Louis they are very much interested in what is going on there. This is the first time the league ever met in St. Louis altho that city is the home of Dr. C. F. Walther for whom the league was named.

The league was founded as a national body in 1892, but Dr. Walther organized the first similar society forty-six years ago, in Trinity Lutheran church in St. Louis.

The Walther League consists of young men and women in the Lutheran Church. Reports yesterday showed there are members in more than twenty states. Sixty new societies were admitted in the last year, with a total of 2800 members, making a total memberships of 16,600, in 249 societies.

Oscar Gotsch, national president, of Elyria, Ohio, spoke of the desirability of Lutheran young people finding companionship among themselves, and finding their social and religious life within the bounds of the church.

ARMY OFFICER TO RETIRE.

Washington, D. C., July 18.—Tomorrow Brig. Gen. John P. Wisser retires from active duty and goes on the retired list after an eventful career in times of war and peace. He is considered a particularly able authority on the subject of explosives and has written extensively on the tactics of coast defense and other branches of military science. Gen. Wisser was born in St. Louis and graduated from West Point in 1874. For some years he served as an instructor at the military academy and also at the United States Artillery school. He was acting inspector general of the Pacific Division during and after earthquake and fire in an Francisco. From 1906 to 1909 he was military attaché at Berlin.

IMPRESSIVE FUNERAL FOR SPRINGFIELD PEOPLE

Church of Immaculate Conception Filled by Those Honoring Memory of Persons Killed in Auto Accident Here.

Funeral services for Mrs. Anna Allen Bernard, her three years old baby, Allen Bernard, and her sister, Miss Margaret E. Allen, all of Springfield and who were killed in the terrible accident here last Sunday morning, were held at the Church of the Immaculate Conception in Springfield yesterday morning.

While the last sad rites were being said in this city for the other two victims similar services were being held in Springfield for Springfield victims of the same tragedy. The funeral party left the Bernard residence at 1600 South Sixth street at 9:00 o'clock and the services were held from the church with Rev. Father Hickey officiating.

Father Hickey in his sermon said, "If a persons is prepared a sudden death under any circumstances is the greatest blessing which a merciful God can bestow."

"I sincerely believe that these dead now before us, and whom we honor were prepared for death. I know that they attended to their religious duties and led good Christian lives."

The church from which the Springfield services were held was filled to overflowing. The services were the most impressive ever held in Springfield. A solemn requiem mass was said. Hundreds filled the aisles and came in the boiling hot sun to pay last respect to their friends.

There were only two caskets used in the services. In one rested the body of Miss Margaret E. Allen and in the other were the bodies of Mrs. Bernard and her infant son Allen, with his little arms clasped around his mothers neck as in real life.

Each silver grey casket was covered with a beautiful blanket of chrysanthemums, the only flowers used.

The church choir rendered the music for the services in a beautiful and effective manner. Kyrie Eleison was sung by Mrs. Bessie O'Brien as the offertory in the mass. Mrs. Powell sang "Abide with Me" and Miss Bessie Barry also rendered a beautiful solo. During the funeral services from 9:00 to 11:00 o'clock all of the county officers and many of the city were closed to pay respect to the dead. Members of the Sangamon County Bar Association attended the services in a body. Pall bearers for Mrs. Bernard and her son were Edmund Burke, T. J. Sullivan, George Colby, Dr. E. L. Williams, Joseph Bernard and Richard Kinsella, Jr. For Miss Allen the bearers were James Knox, Daniel O'Brien, William Lawler, John Whalen, Charles Schneider and George W. Marney.

REMEMBER THE SPLENDID BARGAINS. WORTH THE MONEY ARE TO BE HAD AT MERRMAN'S LADIES' READY-TO-WEAR GARMENTS AND MILLINERY JULY CLEARING SALE.

LEG CRUSHED BY AUTO.

Willard Dodsworth, son of W. T. Dodsworth of Franklin, had his leg crushed in an automobile accident about 5 o'clock Tuesday afternoon. The accident happened on East Court street at the entrance to the Newman garage. There were two or three automobiles on the south side of the pavement and a transfer wagon on the north side. J. S. Green was driving north on East street and turned into Court just at the same time that a second transfer wagon appeared. Young Dodsworth was standing behind his automobile while someone was at the other end filling the radiator.

In order to avoid a collision with one of the wagons, Mr. Green turned towards the garage entrance and just as he did so Dodsworth who was not in plain view jumped to the side as he heard a call from someone to "look out." His leg was caught between the automobile wheels and the side of the door of the garage entrance and the injury resulted. Court street is narrow and with such a confusion of automobiles and wagons there it was not surprising that the accident happened.

ROODHOUSE WOMAN DEAD.

Roodhouse, July 18.—Mrs. Charlotte S. Terry, a long time resident here, passed away at the home of her daughter, Mrs. M. E. Briggs, at eight o'clock this morning. Her age being ninety-four years. She has been in failing health for several years.

Mrs. Terry's death marks the passing of the last of the charter members of the First Baptist church of this city, she transferring her membership here from the Kane church when the local organization was launched in October 1880.

She was the widow of Rev. Joel Terry, one of the pioneer Baptist preachers of this section. For a number of years the family lived at Kane, coming to Roodhouse about forty years ago.

Funeral services will be held at the First Baptist church of this city at two o'clock Thursday afternoon, and will probably be conducted by Rev. B. W. Wiseman, a former pastor of the church.

MERCHANTS MAY CLOSE.

That all may have opportunity to attend the Free Kindergarten baseball game Thursday at Nichols park, a number of merchants have suggested closing during the afternoon hours. No definite closing plan has been formulated but some of the business houses are to close.
